CITY OF OVIEDO - RECREATIONAL NEEDS ASSESSMENT
TELEPHONE QUESTIONNAIRE - JULY 17, 2006

Hello, I'm calling on behalf of the City of Oviedo. We are conducting a survey of Oviedo residents to determine the types of park, recreation, and open space facilities that are, or should be, provided by the City. The results are confidential and will be used only in the planning for future recreation and parks opportunities for your community. This will only take about 7 minutes. Let me start by asking:

1. According to our records, you live within the limits of the City of Oviedo. Is that correct?
   1. ☐ YES Continue
   2. ☐ NO Terminate

2. Are you 18 years old or older?
   1. ☐ YES Continue
   2. ☐ NO Ask to speak with someone who is;
      when they take the phone start from the beginning

3. What type of recreational activities do you or anyone in your household presently participate in? Please name all that you can think of and include the activities of all members of your family. (*Do not read, Mark all the activities that the respondent initially offers, after the initial answer prompt once then proceed to the next question*) [For reviewers: In the first draft of the questionnaire these we collected into categories, e.g., active recreation. That grouping is more important for the report than the questioning so I have put them in to alphabetical order here to help the survey carry on more smoothly and quickly.]
